

Welcome to Bella Vie Studio!

Capturing the Moments of your Beautiful Life!

And congratulations on your engagement! Planning your wedding is fun and exciting but it can also be confusing - there are so many decisions to be made!

When it comes to choosing your photographer, we would love to help take away some of that confusion. Bella Vie Studio is a small boutique photography studio that only works with a small handful of clients each year. Our photographers

have decades of experience and would be honored to put that experience to work for you. Photographing weddings is our passion and we are constantly striving to bring new and exciting photography ideas to each of the weddings that we photograph. We take the time to get to know our couples and learn what is most important to them as they plan their magical day. We are with you throughout most of your wedding day and will coordinate with many of your other vendors to make sure that things run smoothly. We know how important your wedding photography is and we do our best to make things fun and relaxed so that your images are natural and your expressions are real.

Congratulations again! We appreciate the opportunity to present our work to you!

Why choose Bella Vie Studio?

* Almost 25 years of experience. Anyone can learn photography, but the knowledge that comes from years of experience is invaluable.

*I have received designation as a Certified Professional Photographer and I have earned the honor of receiving the status of Master Photographer from the Professional Photographers of America. I take this responsibility seriously and I have worked hard to master the art of photography.

*I listen to what is important to my clients. Everyone is different and understanding what each client is looking for is key to being a good photographer. I promise to ask lots of questions and make sure that I know exactly what is important to YOU!

*Bella Vie is a small, independent studio - what you see is what you get! I am the owner and will be the lead photographer for your wedding. Your second photographer will be a colleague of mine who is a trusted, knowledgeable professional with years of experience as well.

There are, of course, many other points that can be brought up but these are the important ones. Bella Vie Studio will provide you with high-quality images from your wedding that tell the story of your day. And we will do so in an unobtrusive way that gets the job done without being pushy or demanding. Our style is fun and casual when we can be and clean and traditional when we need to be.

Thank you for the opportunity to present our work to you! We would love to meet with you to hear about your plans for your wedding day!

We wish you the best of luck in your wedding planning! Much love and happiness to you both!

Kristin Cashmore and the Bella Vie team!
